New England Articles in Genealogical Journals in 2018
Henry B. Hoff

This annual feature in the Register indexes certain genealogical journals nineteen months after the close of the publication year. Not all articles in each journal are included. Some articles are not relevant to New England, some are too general, and others are insufficiently documented.

Listed below are fifteen journals indexed (with abbreviations). Next is an index to surnames, places, and some subjects occurring in the titles of articles (or commentary) in these journals in 2018. The index is to the bibliography by author that follows; “a&c” is used to indicate additions and corrections to articles since 2000 (only the original author is cited).

Photocopies of articles for personal research can be obtained (for a fee) from libraries or from NEHGS Research Services (AmericanAncestors.org/Services/photocopies).
